

## Colorado Heritage Planning Grant Program 2002 Award Recipients

Project Name	Applicants	Award Amount	Project Description
Garfield County Model County Land Use Code	Garfield County	\$50,000	Create a model integrated land use code for counties that includes zoning, subdivision regulations, 1041 powers, sign codes, design standards, etc.
Rifle Parks & Open Space Planning Standards	Towns of Rifle, New Castle, Silt and Carbondale and City of Glenwood Springs	\$20,000	Establish a methodology for determining parks and open space service level standards and costs for small towns, thereby enabling small communities to develop fair park land dedication requirements and/or impact fee schedules
Delta Cooperative Re-Addressing Project	City of Delta, Delta County	\$20,000	Develop strategies for updating address systems in newly annexed areas of fast growing counties that will minimize disruptions and ensure that police, fire and ambulance response is not impaired
Lafayette Model Landscape Code with Xeriscaping Emphasis	City of Lafayette, Town of Erie	\$32,000	Draft a model landscape code which will include xeriscaping requirements to address current drought conditions
Park County Fire Mitigation Model	Park County, Platte Canyon Fire Protection District	\$20,000	Build a geographic information system (GIS) to map rural properties in areas with a high risk for wildfire hazard; part of a national FireWise Community program
Dillon and Mountain Resort Visual Modeling Project	Towns of Dillon, Frisco and Minturn; Eagle, Grand, Jackson, Pitkin and Summit Counties, NWCCOG	\$70,000	NWCCOG will help communities build GIS capacity and utilize a 3-D visualization tool to evaluate proposed developments; the COG will also track local planning efforts in order to develop a regional planning perspective
La Plata County Growth Management Plan	La Plata County, City of Durango	\$40,000	Develop a comprehensive growth management plan for the development of the Grandview area, adjacent to Durango. Plan would include a transfer of development rights (TDR) program, planned unit development (PUD) options, and guidelines for baseline density.
	<b>Total</b>	<b>\$252,000</b>
